MODE OF DEFENDING IT.

travagant expenditure of the public money .- the suitable tools are not in reach. The Republic has determined to joke such charges down. To facts and figures it opposes a ranged that every implement should have itsuccession of waggeries. Such is the whole proper place assigned it, and a fixed princigist of its leading article in reply to the late ple with the master should be to see and require powerful speech of Senator Gwin, arraigning the administration for unexampled and unlawful extravagance in squandering away the public

Senator Guin, quoting from the record, shows that the administration of Gen. Taylor, in plain violation of the constitution, appointed a member of Congress to a lucrative office, created within the term for which he was elected, and unusual discretionary powers over the naval, military, and revenue officers of the government there : and the Republic answers by a pleasant | Review says that Mr. Geograp Bennet, of Wilanecdote of Garrick, the actor being frightened liamous county, cured himself of a cancer on the by the "ghost of a half-penny." Senator Gwin nose with which he suffered intensely for years, finds a collector sent over to California with suite by the following simple process: as long as the tail of a comet," at an expense of something like forty thousand dollars, and the special organ's answer is ready, in the shape of a jocose admonition, to" be saving of your of water which he boiled over a slow fire until candle." The senator finds an expedition sent from Utah to bring on the private effects of an Indian agent, to the tune of about one hundred thousand dollars' cost, and the Republic likens the censure of such doings to the economy of the dinner giver, who objected to "the cutting silk or other soft rag, and applied to the diseasof a pickled mango." The senator thinks it ed part. He used about two fresh plasters every worthy of notice that the United States collector at San Francisco should advance the public money to fit out Indian expeditions in sums of lieves it an infalible remady. one hundeed and fifty thousand dollars at a time without a word of legal warrant or any pretence of an appropriation by Congress, and, in reply the Republic seeks to be very funny "about stopping one hole in a seive." Such jokes as these, coupled with an intimation that somebody in the Senate is going at some time to reply to Senator Gwin, is all the answer which the special organ now sees fit to make to a speech tant. which is remarkable for its exact and careful citation of record-evidence to sustain its allega-
